

WATER COMMITTEE MAKES INSPECTION

Will Recommend Increase in Capacity of the Reservoir.

THE WATER IS PLENTIFUL

If Newly Discovered Springs Are Opened the Supply of Water Will be Doubled if Reservoir is Enlarged in Capacity to Hold It.

The waterworks committee of the City Council, comprising Alderman H. E. Benson, chairman, and Aldermen J. Harrison Hodges and E. A. O'Neill, in compliance with instructions from the council at the meeting of that body Monday evening, on Tuesday investigated the water supply and conditions of the waterworks plant, and discovered alarming conditions existing as far as the water supply is concerned.

The capacity of the water supply at present is only about 300,000 gallons per day of twenty-four hours, which is entirely inadequate for the demands of a city the size of Gainesville. That, with the fact that some of the water consumers are said to be abusing the "flat" rate by running their lawn faucets from fourteen to twenty hours per day, has made the supply very inadequate, not only for the actual needs of legitimate consumers, but for the fire protection as well.

The committee has made a broad investigation of the trouble. Should the owners of lawns use the water as prescribed by municipal law, the supply would still be inadequate, hence the committee has decided to recommend an increase in the capacity of the reservoir, which will mean an increase in the supply of about 300,000 gallons, to 500,000 gallons per twenty-four hours.

After a careful examination the committee ascertained that three springs could be opened and turned into the reservoir, which would make this increase, doubling the present capacity. In order to do this, however, it will be necessary to enlarge the capacity of the reservoir, which the committee will recommend at the next meeting of the City Council.

"We have plenty of water," remarked Committeemen Benson and Hodges in speaking of the matter Wednesday, "but there are two obstructions. The first is, we must divert the other springs into a larger reservoir, and must enforce the ordinance governing the use of water. There is no doubt but that some consumers are abusing the right."

Alderman Hodges is a broad-minded man. "I believe in plenty of water," he said, "because water is the purest and the cleanest thing we have, and a necessity for everybody. It is God's gift, a necessity of nature, and should be as free as the air we breathe; the only difference is that we are paying for the privilege of its convenience, and I believe when that tax is reasonable and just that every subscriber should have all the water he needs—but I do not believe in one man watering his lawn for fifteen or twenty—and sometimes twenty-four hours a day, when some other fellow has to suffer actual need for the water. My idea is to have plenty of water; if a fellow has a lawn in which he mani-

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

feats great pride, and which the public appreciates and admires almost as much as himself, he ought to have the water to keep it going in all its beauty; but I don't believe his neighbor ought to be compelled to catch his water in a cistern, depending upon the elements, when he has a faucet in his house and is paying for the privilege of a service."

The water committee, at the next meeting of the council, will make a full report, and will recommend that the capacity of the reservoir, as well as the water supply, be increased, and the capacity of the reservoir enlarged so that all may have an abundance, the lawns will look just as refreshing, and the owners of property will receive due and proper protection against loss by fire.

THINGS ARE LIVELY AT THE CAPITOL

Gainesville Citizens Are at Tallahassee on Charter Question.

NORTH GAINESVILLE FIGHTING

Messrs. Rivers, Graves and Campbell Vs. Davis and Thomas—Bill May be Reported by House Committee Tomorrow—Senator Brown's Troubles.

Special to The Gainesville Sun

Tallahassee, May 3.—The Bailey Committee, appointed to investigate the alleged improper use of a free railroad pass by Senator Chas. M. Brown over the Florida East Coast Railway, held an important meeting this afternoon, Hon. Fred Myers representing Senator Brown. He presented a protest against the action of the committee upon the grounds that the citizenship contest against Brown was still pending, and that Brown could not be adjudged guilty until so found by the courts. After hearing the testimony the committee concluded the session behind closed doors, and their action cannot of course be forecasted.

The Stockton, or Regents higher educational bill is dead. The Senate first adopted the substitute offered by Senator McCreary, and then killed the substitute by a vote of eighteen to five.

Attorney Rivers and Messrs. Graves and Campbell, and Attorney Robert E. Davis and Mayor W. K. Thomas, are all here interested in the new Gainesville charter bill. This bill may be reported by the House committee tomorrow.

TAX NOTICE.

NOTICE is hereby given that the following described land, situated, lying and being in the City of Gainesville, in the county of Alachua, in the State of Florida, will be sold at public auction, in front of the court house door, on Monday, the 5th day of June, A. D. 1905, at Gainesville, Alachua county, Florida, or so much as will be necessary to pay the amount due the City of Gainesville for taxes for the year 1904, herein set opposite to the same, together with cost of sale and advertisement.

T. B. ELLIS, Tax Collector.
